

Residential Aged Care

Operating times are 9am - 9pm weekdays & 12pm - 6pm weekends

The Clinical Nurse Consultant is designed to support staff in Residential Aged Care Facilities (RACF) to:

- **Facilitate** residents non-life threatening acute care needs
- **Manage** symptoms within the facility, avoiding an Emergency Department presentation
- **Communicate** with Emergency Department staff upon presentation
- **Reduce** length of stay for hospital inpatients including;
 - Waiting for placement in a RACF
 - Or returning to a RACF

Our goal is to ensure that Aged Care Residents receive the most appropriate care in the most appropriate setting.
