marathonhealth.com.au

What is Telehealth

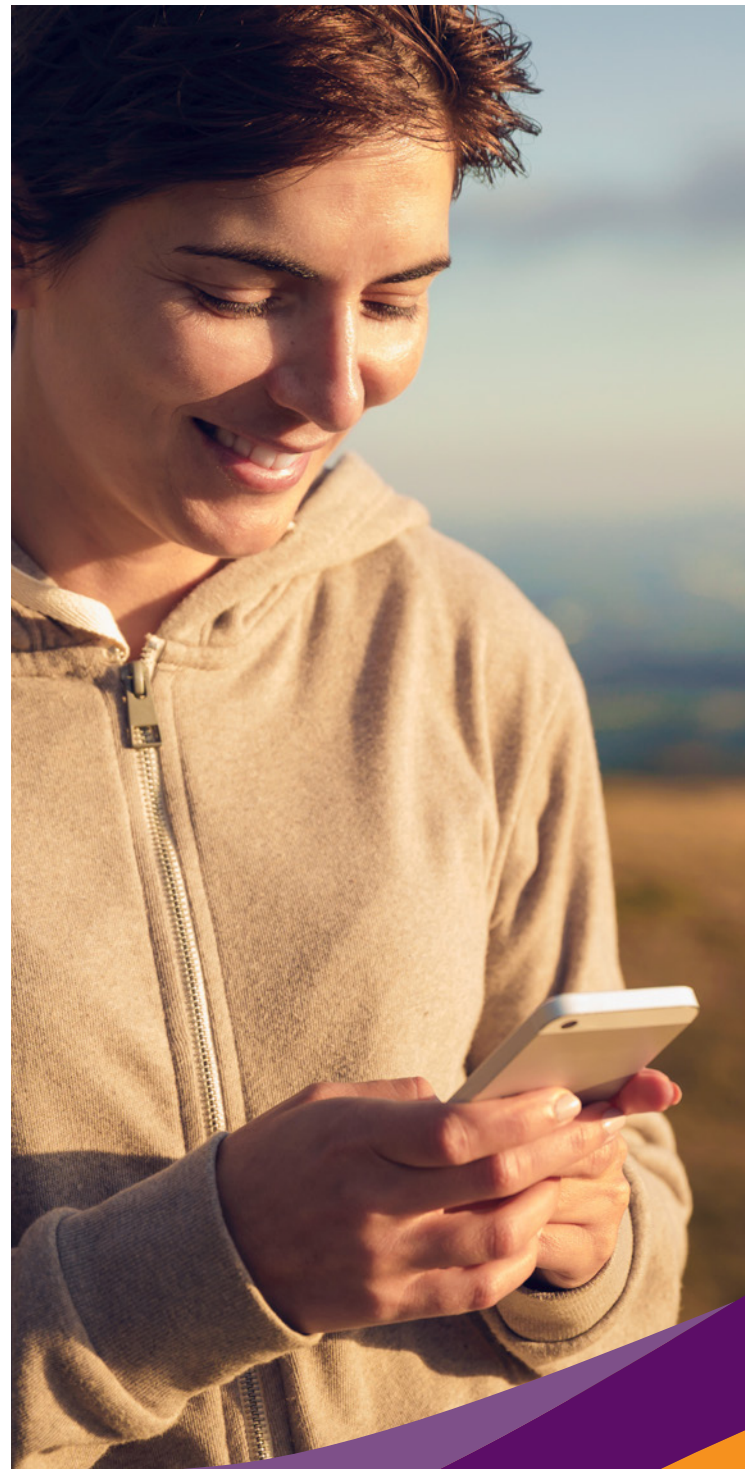

Telehealth incorporates the use of video conferencing equipment to allow clients to connect with clinical services, closer to home.

A consultation via Telehealth is an appointment between the client, and one or more clinicians, via video conference. All Telehealth consults are private, confidential and adhere to the same clinical standards as face-to-face consultations.

Benefits of Telehealth

- Improves patient access to healthcare
- Reduced waiting times for participants
- Reduced travel time and costs

About Marathon Health

Marathon Health is a not-for-profit, registered charity delivering high quality health and wellbeing services to people in country NSW and the ACT.

We're the largest provider of headspace services in Australia and the largest non-government employer of allied health staff in regional NSW.

***We live here, we work here,
and our future is here***

We are passionate advocates for equal access to quality health services for people wherever they choose to live.
