

Occupational Therapy

Career opportunities

We have student, graduate and other employment opportunities for occupational therapists available now, and would love to hear from you!

At Marathon Health our vision is to enable country communities to thrive. To achieve this, we have invested in a strong allied health workforce and created a leading graduate placement program.

Our occupational therapists will work with people to help them participate in the things they need to do, want to do and are expected to do.

“As a supervisor, I’m passionate about seeing other therapists grow and identify career progression. I’m a strong believer that graduates should be in charge of the support process – I’m in the passenger seat to provide direction and guidance.”

Lindsey, Senior Occupational Therapist

Child and youth

Early-intervention child and youth services are crucial for development. You’ll be working not only in direct service delivery, but providing education to parents and carers, while working with regional schools to support holistic child development.

Primary health and wellbeing services

We’re often one of few service providers reaching country towns, so you’ll have the opportunity to grow your skills in more than one area, and work with a large range of clients.

As part of our primary health team, no two days will be the same and you have endless opportunities, passions and career directions to explore.

National Disability Insurance Scheme

Through our person-centred allied health, support coordination, positive behaviour support and crisis NDIS services, we are supporting some of the most complex, isolated and vulnerable people in regional NSW.

Our NDIS team is the fastest growing in our workforce and we encourage staff to think big and trial new ideas and service opportunities.

“We work with the client to make it a collaborative practice, rather than it just being one-sided therapy – which I think is really empowering in a job like ours.”

Lauren, Graduate Occupational Therapist

Better healthcare, closer to home

“Everyone at Marathon Health is passionate, from the CEO down to the students. They’re all passionate about rural health.”

Kiyan, Graduate Occupational Therapist

Working with Marathon Health

At Marathon Health we can offer you all the requirements to fulfil your placement and mental health accreditation, and have identified pathways to employment.

Our services are person-centred – we empower clients with choice and control over the support they receive.

Working with a not-for-profit, you’ll fast-track your career with on the job training – learning from our dynamic team who represent some of the best in their field. You’ll be able to expand your skills with endless professional development opportunities, and have access to generous not-for-profit salary packaging options. We believe that work-life balance is an important aspect of a healthy work environment and we offer flexible work arrangements to help achieve this.

“Our priority is for new graduates to feel supported to grow their skills with us and stay in our community.”

Amanda Cook, Discipline Lead, Social Work,
Senior Behaviour Support Practitioner and Occupational Therapist

Financial support

Support and financial assistance for rural placements may be available via [Three Rivers Department of Rural Health Access](#), as well as scholarships of up to \$10,000 through the Rural Doctor’s Network [Health Workforce Scholarship](#) program.

Want to know more?

If you’re studying a Bachelor or Masters in Occupational Therapy, or if you’re an occupational therapy graduate looking to gain your accreditation – we’d love to hear from you!
