

# Speech Pathology

**Career opportunities**

**We have student, graduate and other employment opportunities for speech pathologists available now, and would love to hear from you!**

At Marathon Health our vision is to enable country communities to thrive. To achieve this, we have invested in a strong allied health workforce and created a leading graduate placement program.

Our speech pathologists work across the lifespan preventing, diagnosing and treating a wide range of communication and swallowing impairments.

**“My interest area is high-tech communication devices for people who are non-verbal, and that’s what I bring to the team. Other team members get to bring their specialised interest areas and we all fit together nicely as a puzzle.”**

Alana, Speech Pathologist

## Child and youth

Early-intervention child and youth services are crucial for development. You’ll be working not only in direct service delivery, but providing education to parents and carers, while working with regional schools to support holistic child development.

## Primary health and wellbeing services

We’re often one of few service providers reaching country towns, so you’ll have the opportunity to grow your skills in more than one area, and work with a large range of clients.

As part of our primary health team, no two days will be the same and you have endless opportunities, passions and career directions to explore.

## National Disability Insurance Scheme

Through our person-centred allied health, support coordination, positive behaviour support and crisis NDIS services, we are supporting some of the most complex, isolated and vulnerable people in regional NSW.

Our NDIS team is the fastest growing in our workforce and we encourage staff to think big and trial new ideas and service opportunities.

**“We have so many different disciplines, but it’s not segregated. We have a really collaborative environment where you can approach anyone to ask them a question.”**

Marley, Graduate Speech Pathologist

Better healthcare, closer to home

**“We have a reputation of being able to say yes to outreach in under-serviced towns – so we’re able to support clinicians to tap into their passion areas.”**

Lara, Team Lead – Allied Health, Murrumbidgee

## Working with Marathon Health

At Marathon Health we can offer you all the requirements to fulfil your placement and mental health accreditation, and have identified pathways to employment.

Our services are person-centred – we empower clients with choice and control over the support they receive.

Working with a not-for-profit, you’ll fast-track your career with on the job training – learning from our dynamic team who represent some of the best in their field. You’ll be able to expand your skills with endless professional development opportunities, and have access to generous not-for-profit salary packaging options. We believe that work-life balance is an important aspect of a healthy work environment and we offer flexible work arrangements to help achieve this.

**“We have a shared set of values and everyone is really awesome. There are lots of clever, dedicated and passionate people.”**

Kylie, Discipline Lead, Speech Pathology

## Financial support

Support and financial assistance for rural placements may be available via **Three Rivers Department of Rural Health Access**, as well as scholarships of up to \$10,000 through the Rural Doctor’s Network **Health Workforce Scholarship** program.

## Want to know more?

If you’re studying a Bachelor or Masters in Speech Pathology, or if you’re a speech pathology graduate looking to gain your accreditation – we’d love to hear from you!
